

A Conversation on Climate Between Dr. Michael Spence of the GA Global Growth Institute and Lord John Browne of BeyondNetZero

Dr. Michael Spence, Chairman of the GA Global Growth Institute, sat down with Lord John Browne, Chairman of BeyondNetZero, to discuss climate change and how emissions can be reduced to a safe level. The BeyondNetZero team seeks to identify entrepreneurs delivering innovative climate solutions and help them scale. Read their conversation about the scale of investment needed, how effective solutions can be implemented around the globe and how the growth equity model can help address the climate crisis.
