

Fraser Johnston-Donne

Vice President Climate

Office Location: London

Fraser Johnston-Donne is a Vice President on the BeyondNetZero team. Before joining BeyondNetZero in 2021, Fraser was an associate at Riverstone Holdings, a private equity firm dedicated to investing in energy, power and renewables infrastructure. Prior to that, he was an associate at the UK Green Investment Bank, a UK government owned infrastructure fund making equity investments in offshore wind projects. Previously, he was an investment banking analyst in the Energy & Power team at Rothschild & Co. He started his career at Bloomberg New Energy Finance where he conducted analysis on power and renewables markets.
